

GHIRINGHELLI M150 SP610

Kind : Centerless grinder cnc
Brand : GHIRINGHELLI
Model : M150 SP610
Serial Nr: C734
Stock Nr : 10097

TECHNICAL DETAILS

- Min/max. grindable diameter	: 1 - 100 [mm]
- Max. length of the workpiece when plunging	: 140 [mm]
- Min/max work wheel diameter	: 440/610 [mm]
- Max. working wheel width	: 80 [mm]
- Peripheral grinding wheel speed	: 50 [m/s]
- Speed with new work wheel	: 1565 [rpm]
- Min./max. drive wheel diameter	: 220/305 [mm]
- Max. width of drive wheel	: 67 [mm]
- Max. drive wheel inclination	: +/- 7 [°]
- Drive wheel speed during machining	: 0/140 [rpm]
- Drive wheel speed in dressing	: 200 [rpm]
- Total installed power	: 41 [kW]
- Dimensions	: 5920 x 5071 x 2500 [mm]
- Net weight	: 7000 [kg]

EQUIPMENT

- CNC SIEMENS 840D control
- 5 numerical axis (1 for working grinding wheels facing device, 2 for driving grinding wheels facing device, 1 for upper slide, 1 for lower slide)
- working grinding wheels facing device by diamond knurling wheel
- driving grinding wheels facing device by diamond center
- automatic parts feed bowl
- parts conveying strip
